

Be the Star of a Low-Budget Horror Film

Ever want to star in a film? Or maybe make a film? Well, here's your chance. This year's Albacon will feature the making of a short horror film right at the convention. The film will star and be made by you and your fellow convention-goers. Never made a film before? No problem. Film professionals will be on-hand to take you through the process. This will be a great learning experience and a lot of fun! The film will screen later at the convention, so you'll get to see yourself on the big screen (well, a moderate-sized screen at least). And you can brag to your friends that you're a movie star!
